Samrath Sudesh Acharya

Cyber Security Analyst @ KPMG | eJPT | Polymath

Karnataka, India

Summary

Samrath is a passionate cybersecurity expert with extensive

experience in ethical hacking and full-stack development. He has

won and advanced to the finals of prestigious national hackathons, including the Smart India Hackathon (SIH), and has won numerous national and global Capture-The-Flag (CTF) competitions. With certifications like eJPT and other cybersecurity credentials, he excels in penetration testing, vulnerability assessments, and malware analysis.

As the Cybersecurity Lead at Point Blank, a tech club at DSCE, he has conducted various workshops and CTF competitions, sharing his knowledge with students and aspiring security professionals. Currently, he works as a Cyber Security Analyst at KPMG, where he combines his strong technical expertise with creative flair, as well as a talented EMCEE, beatboxer, and graphic designer. If you're interested in connecting with someone passionate about technology and the arts, feel free to check out my LinkedIn profile.
